

# THIRD PARTY MANAGEMENT

## CHOOSE YOUR RELATIONSHIPS WISELY

When working with Third Parties, make sure you know who you are taking on your journey.

In choosing which Third Parties to work with, whether our Customers, Suppliers, Applicators, Distributors or Service Providers, we need to ensure that they embrace the values and expectations that we hold here at RPM.

Ensure that you ask questions about their background, get comfortable with their sales practices, where and how their products are made, to whom and where they plan to sell our products and that the services they plan to provide us are legitimate and not inappropriate.

To help keep you on the right road to compliant and ethical decision making, please reach out to your leadership or us at: [compliance@rpminc.com](mailto:compliance@rpminc.com).

We are RPM and our success depends on each of us following the right route and embracing our Value of 168® to make the right decisions.
